CONTRACT REVOCATION/TERMINATION AND NONRENEWAL

Section 10.1. Grounds for Revocation/Termination or Nonrenewal. This Contract may be revoked/terminated and need not be renewed by Friends upon a determination by

Friends that one or more of the following has occurred:

- (a) Failure of the School to demonstrate satisfactory achievement for all students including the requirements for student performance set forth in this Contract; or
- (b) Failure of the School to meet generally accepted standards of fiscal management; or
- (c) Failure of the School to comply with all Applicable Law.

Section 10.2. Other Grounds for Revocation/Termination or Nonrenewal. In addition to the grounds for revocation/termination and nonrenewal set forth in Section 10.1, Friends may revoke/terminate or not renew this Contract, upon Friends' determination that one or more of the following has occurred:

- (a) The School is unable to pay its bills as they become due, is insolvent, or is bankrupt;
- (b) The School has insufficient enrollment or demonstrated financial resources to successfully operate a charter school, or the School has lost more than fifty percent (50%) of its student enrollment from the previous school year
- (c) The School defaults in any of the terms, conditions, promises or representations contained in or incorporated into this Contract;
- (d) The School amends its Articles of Incorporation and/or Bylaws at any time without first obtaining Friends' written approval;
- (e) Friends discovers negligent, fraudulent or criminal conduct by any of the School's applicant(s), directors, officers, employees or agents in relation to the school's performance under this Contract; or
- (f) The School's applicant(s), directors, officers or employees have provided false or misleading information or documentation to the Department of Education or Friends in connection with Friends issuance or oversight of this Contract, or in connection with any affidavit that the School requests Friends submit to the Department of Education, or in connection with the School's reporting requirements under this Contract or Applicable Law; or
- (g) Other good cause shown.

Section 10.3. Procedures for Revoking/Terminating or Not Renewing Contract. Friends' process for revoking/terminating or not renewing the Contract is as follows:

- (a) Notice of Intent to Revoke/Terminate or Not Renew. Friends, upon reasonable

belief that grounds for revocation/termination or nonrenewal of the Contract exist, shall notify the School Board of such grounds by issuing the School Board a notice of intent to revoke/terminate or not renew. The notice of intent to revoke/terminate or not renew shall be in writing, shall set forth in reasonable detail the alleged grounds for revocation/termination or nonrenewal, and shall state that the School Board may request in writing, within fifteen (15) business days of receiving the notice, an informal hearing before Friends.

- (b) School Board's Response. Within fifteen (15) business days of receipt of the notice of intent to revoke/terminate or not renew, the School Board shall respond in writing to the alleged grounds for revocation/termination or nonrenewal. The School Board's response shall either admit or deny the allegations of non-compliance.
- (i) Response of Admission to notices of intent to revoke/terminate: If the School's response includes admissions of non-compliance with the Contract or Applicable Law, the School Board's response must also contain a description of the School Board's plan and time line for correcting the non-compliance with the Contract or Applicable Law.
- (ii) Response of Admission to notices of intent to not renew: If the School's response includes admissions of non-compliance with the Contract or Applicable Law, except for non-compliance or failure to improve all pupil learning and all student achievement, the School Board's response must also contain a description of the School Board's plan and time line for correcting the non-compliance with the Contract or Applicable Law. If the notice of intent to not renew is based on the school's non-compliance or failure to improve all student learning and all student achievement, the School acknowledges that the Charter School Act requires that the most important factor Friends will consider in renewal is the performance of all students under the Charter School Act's primary purpose and not the School's future plans to improve such performance.

If the School's response includes a denial of non-compliance with the Contract or Applicable Law, the School's response shall include sufficient documentation or other evidence to support a denial of non-compliance with the Contract or Applicable Law.

A response not in compliance with this Section shall be deemed to be non-responsive.

As part of its response, the School Board may request that an informal hearing be scheduled with Friends. The School Board's failure to provide to Friends a written request for an informal hearing within the fifteen (15)

business day period shall be treated as acquiescence to Friends' proposed action.

- (c) Informal Hearing. Upon receiving a timely written request for an informal hearing, Friends shall give ten (10) business days' notice to the School Board of the hearing date and time, and Friends shall conduct such hearing.
- (d) Plan of Correction. Friends shall review the School Board's response and may, in its sole discretion, determine whether a reasonable plan for correcting the deficiencies, other than the School's failure to improve all pupil learning and all student achievement, may be formulated. If Friends determines that a reasonable plan for correcting the deficiencies set forth in the notice of intent to revoke/terminate or not renew can be formulated, Friends shall develop a plan for correcting the non-compliance ("Plan of Correction"). In developing a Plan of Correction, Friends is permitted to adopt, modify or reject some or all of the School Board's response for correcting the deficiencies outlined in the notice of intent to revoke/terminate or not renew. Friends is not obligated to accept from or offer a Plan of Correction to the School.
- (e) Withdrawal of Notice of Revocation/Termination or Nonrenewal. Friends may withdraw its notice of intent to revoke/terminate or not renew if Friends determines any of the following: (i) the School Board's denial of non-compliance is persuasive; (ii) the non-compliance set forth in the notice of intent to revoke/terminate or not renew has been corrected by the School Board; or (iii) the School Board has successfully completed a Plan of Correction.
- (f) Effective Date of Revocation/Termination or Nonrenewal. If Friends decides to revoke/terminate the Contract, the revocation/termination shall be effective on the date of Friends' act of revocation/termination, or at a later date as determined by Friends, such date specified by Friends in its determination of revocation/termination.

If Friends decides to not renew the Contract, the nonrenewal shall be effective on the last date of the Contract, or at an earlier date as determined by Friends, such date specified by Friends in its determination of nonrenewal.

Friends must take final action regarding revocation/termination or nonrenewal no later than twenty (20) business days: (i) before the specified date for revocation/termination or non-renewal of the Contract, or (ii) the Contract's termination date.

Section 10.4. Dissolution. If this Contract is revoked/terminated, or if this Contract is not renewed pursuant to this Article, the School will dissolve following the process provided by Minn. Stat. Ch. 317A and Applicable Law relating to dissolutions and Exhibit L.

Section 10.5. Distribution of Property Upon Termination of Contract. In the event of dissolution of the School, all property which it might lease, borrow or contract for use, shall be promptly returned to those organizations or individuals from which the School has leased or borrowed the materials.

Section 10.6. Property Owned by School. All property which has been purchased by the School will remain its own. In the event of subsequent dissolution of the School, such property as may be required or permitted by Applicable Law will first be donated to other charter schools authorized by Friends and if no Friends School wants such property, then to any other Minnesota Charter School. Any remaining property will then will be sold or distributed in accordance with Applicable Law.

Section 10.7. Property Owned by School Employees. All property personally and/or individually owned by the trained and licensed teachers or staff employed by the School, shall be exempt from distribution of property and shall remain the property of the individual teachers and staff. Such property includes, but is not limited to, albums, personal mementos and other materials or apparatus which have been personally financed by teachers or staff. Such property does not include lesson plans and related materials developed and produced by School employees to implement the School's academic plan and curriculum; the School will ensure that its employment agreements document that such property is School property.

ARTICLE XI

ADDITIONAL PROVISIONS

Section 11.1. Contract Renewal or Transfer to Different Authorizer.

(a) Contract Renewal.

1. Considerations Determining Renewal. The School acknowledges that improving all pupil learning and all student achievement is the most important factor Friends will consider in determining Contract renewal, which determination shall be based substantially on the School's attainment of its academic outcomes/goals identified in Exhibit F. Friends will also consider any compelling evidence of improved pupil learning and student achievement for all students on Department of Education measures other than the attainment of outcomes/goals specified in Exhibit F.

Friends will consider other factors in its renewal determination, which factors are considered secondary to improving all pupil learning and all student achievement. Specifically, Friends will consider the achievement of any additional identified purposes specified in Exhibit D, and financial and operational performance obligations and compliance with Applicable

Law as set forth in this Contract.

The School will be eligible for renewal only if the School has improved pupil performance and student achievement for all students, notwithstanding superior performance in financial, operations, governance, or legal compliance factors.

If Friends offers a renewal contract, a five-year term will be awarded only if warranted by School performance: the School has improved all pupil learning and all student achievement, the School has met or substantially met its academic pupil performance outcomes/goals in Exhibit F, the school has no significant financial, operational, governance, or legal compliance deficiency, or multiple deficiencies in any of the financial, operational, governance, or legal compliance areas, or deficiencies in multiple areas.

2. Considerations Warranting Nonrenewal. Nonrenewal is warranted based on the existence of grounds identified in section 10.1 or 10.2 or Applicable Law, notwithstanding the existence of improved pupil learning and student achievement for all students. For example, nonrenewal will result from the School's failure to improve all pupil learning and all student achievement notwithstanding superior performance in financial, operations, governance, or legal compliance factors, and nonrenewal may result from the School's improvement of all pupil learning and all student achievement combined with a significant financial, operational, governance, or legal compliance deficiency, or multiple deficiencies in any of the financial, operational, governance, or legal compliance areas, or deficiencies in multiple areas.
3. Corrective Action Renewal. If the School has improved all pupil learning and all student achievement, but School performance also indicates the existence of a significant financial, operational, governance, or legal compliance deficiency, or multiple deficiencies in any of the financial, operational, governance, or legal compliance areas, or deficiencies in multiple areas, Friends may, but is not obligated to, renew this Contract. If Friends renews the Contract in these circumstances, the renewal is for corrective action with a term not to exceed three years, and the School acknowledges and agrees that the School must continue to improve all pupil learning and all student achievement and must eliminate and resolve the deficiencies causing the Corrective Action Renewal and that no additional deficiencies are created or identified during that renewal term, in order to be eligible for a subsequent renewal.
4. Application. By September 1st of the school year in which this Contract terminates, the School will submit an application to Friends which shall contain three parts: (1) School Performance. An analysis and evaluation of the School's performance under this Contract, which shall include a comprehensive evaluation of each contract goal for each year of the contract, as well as an evaluation of fiscal, operational, and governance

performance during the term of the contract; (2) Proposed Goals. A proposal for goals for the following contract period; the goals must be specific, measurable, achievable, relevant, and time-bound, and must be designed to meet or exceed expectations adopted by the Commissioner for public schools; and (3) Other Information. Any other information the School desires Friends to consider. The School agrees to provide to Friends documentation supporting the School's evaluation if requested by Friends.

Friends will notify the School within four weeks of receipt of the School's external audit (final, not draft) for the most recently completed fiscal year as to whether Friends intends to offer a renewal charter contract.

- (b) Transfer to Different Authorizer. Friends must consent to the School's transfer to another authorizer. If Friends consents to the School's request to transfer to a different authorizer, the School agrees to reimburse Friends for any authorizer fees waived or not paid, grants provided by Friends to the School, and all training and professional development provided to the School by a third party but paid by Friends. This provision does not apply if Friends requests that the School transfer to another authorizer.

Section 11.2. Insurance. The School Board shall secure and maintain in its own name as the "first named insured" at all times the following insurance coverages:

- (a) workers' compensation insurance to include coverage A;
- (b) insurance covering all of the School's real and personal property, whether owned or leased;
- (c) insurance required by Minn. Stat. 466.04, including a minimum of commercial general liability insurance in comprehensive form, bodily injury and property damage combined of one and a half million dollars (\$1,500,000) per occurrence and personal injury of one and a half million dollars (\$1,500,000) per occurrence; and up to three million dollars (\$3,000,000) per occurrence for the release or threatened release of a hazardous substance; and if not included under its general liability coverage, additional coverages as follows: minimum automobile liability insurance coverage, bodily injury and property damage, of one million dollars (\$1,000,000) per occurrence if the School owns or operates motor vehicles; officer and employee errors and omissions/professional liability of one and a half million dollars (\$1,500,000) per occurrence; and employee dishonesty insurance of five hundred thousand dollars (\$500,000).

The insurance must be obtained from a financially responsible licensed mutual, stock, or other responsible company licensed to do business in the State of Minnesota. The School may join with other charter schools to obtain insurance if the School Board finds that such an association provides economic advantages to the School, provided that each School maintains its identity as first named insured. The School shall have a provision

included in all policies requiring notice to Friends, at least thirty (30) days in advance, upon termination or non-renewal of the policy. In addition, the School shall provide Friends or its designee copies of all insurance policies required by this Contract, if requested by Friends. Friends may periodically review the types and amounts of insurance coverages that the School secures.

The above-stated coverage limits shall be issued and maintained as indemnity limits and shall not be reduced by any applicable insurer defense obligations. The Department of Education may suggest or Applicable Law may determine alternative amounts and terms of any deductible or insurance provisions, which shall supersede the foregoing requirements. The School shall provide the Department of Education with any insurance information, as requested.

The School may expend funds for payment of the cost of participation in an accident or medical insurance program to insure protection for students while attending school or participating in a school program or activity.

Section 11.3. School Lease. The School shall provide to Friends a copy of its lease, and any subsequent amendment(s), or deed for the premises in which the School shall operate within fourteen (14) calendar days of execution. The school will provide to Friends any notice of lease termination within five (5) calendar days of receipt. The School may lease space from any independent or special school board eligible to be a charter school authorizer, other public organization, private nonprofit institution organization or private property owner, as it deems necessary. The School may lease space from a sectarian organization as allowed by Applicable Law.

Section 11.4. Occupancy and Safety Certificates. The School Board shall: (a) ensure that the School's physical facilities comply with all fire, health and safety standards applicable to schools; and (b) possess the necessary occupancy and safety certificates for the School's physical facilities. The School Board shall not conduct classes until the School has complied with this section. Copies of such certificates shall be provided to Friends before the first day of classes, if requested by Friends.

Section 11.5. Legal Liabilities. Friends does not assume any obligation with respect to any director, employee, agent, parent, guardian, student, or independent contractor of the School. The School acknowledges and agrees that it assumes full liability for its activities and that the Commissioner, Friends, officers and members of the Board of Friends, and employees of Friends, are immune from civil and criminal liability with respect to all activities related to the School, pursuant to Minnesota Statutes Section 124E.09, and nothing in this Contract is intended to affect such immunity.

Section 11.6. Indemnification of Friends & Commissioner. Notwithstanding Section 11.5, the School agrees to indemnify and hold harmless Friends and its officers, board members, employees, agents or representatives, and to indemnify and hold harmless the Commissioner and Department of Education officers, agents, and employees notwithstanding Minn. Stat. section 3.736, from all suits, claims, demands, or liability,

including attorney fees, and related expenses, which arise out of or are in any manner connected with the School's operations or which are incurred as a result of the reliance of Friends upon information supplied by the School, or School Board and its agents or employees, or which arise out of the failure of the School to perform its obligations under this Contract or which arise out of Friends' exercise of its obligation under Applicable Law or enforcement of this Contract.

**BYLAWS
of
SEVEN HILLS PREPARATORY ACADEMY
(the "Corporation")**

**ARTICLE 1
PURPOSE**

The purposes of the Corporation are as stated in its Articles of Incorporation.

**ARTICLE II
OFFICES**

The registered office of the Corporation in the State of Minnesota is as stated in the Articles of Incorporation. The Corporation may have such other offices within the State of Minnesota as the Board of Directors may determine or as the affairs of the Corporation may require. The registered office may be, but need not be, identical with the principal office in the State of Minnesota.

**ARTICLE III
MEETINGS OF THE BOARD**

Section 1. Regular Meetings. Regular meetings of the Board of Directors shall be held each month. A schedule of the regular meetings of the Board of Directors will be kept on file at the Corporation's primary offices. The schedule must state the date, time, and place of the Board's regular meetings.

Section 2. Special Meetings. Any director may ask the Chair to call a special meeting for a particular purpose. The Chair will honor such a request, provided that the requested date, time, and place of the special meeting is reasonable and that a regular or special meeting of the Board is not already scheduled to be held at or around the same time. The Chair, or a designee, must give three days' advance notice of the meeting to each director. The Board, or its designee, must post and deliver written notice of the date, time, place, and purpose of a special meeting in accordance with the Open Meeting Law (currently codified at Minn. Stat. Ch. 13D).

Section 3. Emergency Meetings. When circumstances require the immediate consideration of an issue, the Board of Directors may call an emergency meeting in accordance with the procedures set forth in the Open Meeting Law (currently codified at Minn. Stat. Ch. 13D).

Section 4. Quorum and Adjourned Meeting. Except as expressly provided in these Bylaws or applicable law, a quorum is required to hold a Board meeting and to transact any business at a Board meeting. A majority of the directors constitute a quorum for the transaction of business at any meeting of the Board of Directors. If less than a majority of the directors are present at a scheduled meeting, a majority of those directors who are present may adjourn without notice other than announcement at the scheduled meeting, until a quorum is present. Notification of the subsequent meeting shall be in accordance with the Open Meeting Law. If a quorum is present when a duly called meeting is convened, and enough directors leave the meeting early so that less than a quorum remains, the remaining directors present may not continue to transact business and must adjourn the meeting.

Section 5. Voting. The Board must take action by the affirmative vote of a majority of directors who are present and entitled to vote at a duly held meeting, except in those cases, if any, where these Bylaws require the affirmative vote of a larger proportion. Only current directors on the Board may vote at a meeting, and each director may cast only one vote per motion.

Section 6. Confidentiality. Absent a court order or other legal requirement, a director may not disclose to any third person information that was discussed in closed session or information that relates to the Board's negotiation strategy or competitive bargaining position with respect to any transaction, sale, purchase, lease, agreement, or contract.

ARTICLE IV BOARD OF DIRECTORS

Section 1. General Powers. The Board of Directors is responsible for governing, managing, and directing the affairs of the Corporation. Toward that end, the Board of Directors is authorized to exercise all corporate powers except as limited by law, the Articles of Incorporation, or these Bylaws.

Section 2. Number. The number of directors constituting the Board shall be at least seven and not more than eleven, with the exact number to be determined from time to time by resolution of the Board.

- (c) Process & Procedures to Change Governance Structure.
- (i) Requests & Petitions to Change Structure. The Board may consider a change in its governance structure upon receipt of a request for such consideration signed by at least two Directors, or the receipt of a petition to so change the governance model signed by at least 50% of the parents of students enrolled in the school or 50% of the licensed teachers employed at the school.
 - (ii) Special Board Meeting to Solicit Community Comment. Upon receipt of a request or petition complying with (i) above, the Board shall schedule and publicize a special board meeting, to be held within thirty days of receipt of such request or petition, for the sole purpose of receiving community comment regarding the governance structure. When publicizing the special board meeting, the Board shall also invite the school community to submit written comments to the Board prior to the special board meeting.

Placing the item on the agenda does not require any board member to introduce a motion or second a motion for such consideration.
 - (iv) Effective Date of Change in Governance Structure. Any change in the governance structure complying with this Section 3 is not effective for the duration of the current charter contract period and will be effective for the

subsequent charter contract period and begin on the same date as the effective date of the charter contract next executed between the school and its authorizer.

Section 4. Classification; Term.

- (a) The directors shall be divided into three classes, designated Class I, Class II, and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. All newly elected board members shall begin their class terms on July 1st of the year elected and will serve for a three-year term ending on June 30th of the third year of service.

The committee must submit its nominations to the Board in writing on or before March 15. The Board of Directors must accept the nominations, but may nominate additional candidates as well. If, on or before March 15, a licensed teacher who is employed by the Corporation as a teacher, or a parent or legal guardian of a child enrolled at Seven Hills Preparatory Academy, or a community member submits a written notice to the Board seeking to be nominated for election to the Board, the Board must accept that nomination.
- (c) On or before May 15, the Board must hold an election in a manner that the Board sees fit to determine which candidates will be elected to the Board. The following individuals may vote in the election: staff members who are employed by the Corporation (including teachers providing instruction under a contract with a cooperative), members of the Board of Directors, and all parents or legal guardians of children enrolled in the school. The Corporation must notify eligible voters of the Board election date(s) at least thirty days before the election. Voting will be by ballot. The ballots will be counted by a person

selected by the Board. The counting of the ballots will be witnessed by a third party and will be promptly reported to the Board. The persons receiving the greatest number of votes subject to the composition requirements in Article IV, Section 3a shall be elected for the open seats on the Board.

Section 6. Resignation.

- (a) A director may resign at any time by giving written notice to the Board of Directors. Such resignation shall be effective upon delivery of the notice to any officer, unless a later effective date is specified in the written notice. The Board is not required to accept a resignation in order for it to become effective.
- (b) If a director is an employee of the Corporation, i.e., a licensed teacher, and his or her employment with the Corporation terminates for any reason, the director shall be deemed to have resigned from the Board at the time of such termination.

- (a) Authority of Committees. Except as authorized by the Board of Directors, each committee is advisory only, such that it has no decision-making authority. If the Board authorizes a committee to have decision-making authority or the committee consists of a quorum or more of Directors, the meetings of that committee must be posted and held in accordance with the Open Meeting Law. A committee that has decision-making authority may exercise that authority only through the affirmative vote of a majority of the total members of the committee.
- (b) Procedures for Conducting Committee Meetings. The activities of all committees of the Corporation must be conducted in a manner that will advance the best interest of the Corporation. Each committee must fix its own rules of procedure and must act in a manner that is consistent with the Articles of Incorporation, these Bylaws, and the policies of the Corporation. The Chair will be an ex-officio member of all committees, unless the Chair also serves as a member of such committee.

IMPLEMENTATION OF PURPOSE/MISSION SEVEN HILLS PREPARATORY ACADEMY

The School's identified three statutory purposes and the methods it will use to achieve them are:

1. **Improve All Pupil Learning & All Student Achievement:**
To improve all pupil learning and all student achievement, the School will implement the core knowledge sequence, which has been demonstrated to improve student achievement. The School will also implement Singapore math which has similarly been demonstrated to improve student achievement. In addition, the School will implement Latin, and foreign language instruction has been demonstrated to improve student achievement.

2. **Innovative Forms of Measuring Outcomes**
All students are assessed at least annually in math and reading with a national assessment approved by the Board. In addition, the School utilizes standards-based interim assessments focused on reading and math. Analysis of assessment results assist in identification of strengths and weaknesses informing the teacher on the instructional disconnect. Teachers then re-teach effectively what students must learn. This use of data is a clearly defined and effective pathway to academic achievement, and when correctly applied, leads to dramatic gains in student performance.

3. **Create New Professional Opportunities for Teachers**
The School establishes learning communities which organize staff into school-based learning teams focused on using data to establish annual student performance goals that are aligned with state standards. In addition, the School provides time and resources for teachers to attend conferences in their specific content areas. Teachers also write multi-year individual professional growth plans aimed at increased content and skills knowledge.

The School will report its implementation of these purposes in its annual report.

Narrative:

As a Classical academy, Seven Hills motivates and develops the full potential of all its students. The Academy's name represents the seven hills of Rome and the seven liberal arts. Seven Hills sets a high standard for academic excellence. It features a disciplined learning environment geared for students willing to be inspired and challenged. Seven Hills also focuses on character education, stressing mutual respect and promoting a strong value system that embraces cooperation, assertion, responsibility, empathy, and self-control (CARES) at the elementary level and Trustworthy, Open-minded, Respectful, Compassionate, and Honorable (TORCH) at the middle level.

Using the core knowledge sequence as a foundation for its curriculum, the School uses the following guiding principles in implementing its education:

- Intellectual rigor and mental discipline with the goal of wisdom and eloquence
- Character development through a focus on truth, goodness, and core virtues with the purpose of cultivating strong citizenship
- In-depth study of the origin of Western Civilization but not to the exclusion of other cultures or to the global culture
- High standards of academic excellence
- A community of learners where everyone is engaged in life-long learning
- A spirit of inquiry and intellectual curiosity

The Middle School provides a rigorous academic program which promotes critical-thinking and community service. The School delivers instruction through the Classical model. Middle-School students are generally moving through the classical logic stage and, for this reason, the School requires all middle school students to take both formal logic and debate courses. Latin is also required for all students, as is Art, Music, and Physical Education. The curriculum is aligned to provide for integration of content areas as provided by the core knowledge sequence.

Out-of-School Time Programs

Homework Club: The Middle School offers an after-school Homework Club, staffed by middle school teachers, two days a week for 45 minutes after school. Homework Club provides a quiet classroom for students, on a voluntary basis, to use the time to work on assignments and receive assistance as needed. Students come on a drop-in basis, i.e. no pre-registration is required. Homework Club provides no direct instruction and collects no performance data.

Homework Club is free to the student; cost of staff is encompassed within the staff employment agreement.

ADMISSION POLICIES & PROCEDURES SEVEN HILLS PREPARATORY ACADEMY

This Exhibit G has three pages.

The School establishes the following admissions policy and procedures for each campus: application to one campus does not apply or transfer to other campuses but applicants may apply to all campuses.

POLICY STATEMENT: Admission to Seven Hills Preparatory Academy is open to all students, without regard to ability, race, religion, or any other factors, other than the capacity of the program, class, grade level, or building.

- (1) Each school year, the Board:
 - a. establishes by October 1st the open enrollment period applicable to the following school year's admissions.
 - b. publishes by October 1st :
 - (i) Seven Hills Preparatory Academy's enrollment application applicable to the following school year, and
 - (ii) this Admissions and Lottery Policy.
 - c. establishes and publishes by February 1st, the Available Enrollment by Grade applicable to the following school year.
- (2) Notice to Currently Admitted Students & Staff Employed at the School: Prior to the beginning of the open enrollment period, the school provides notice of the open enrollment period to parents and staff so that siblings of currently admitted students, foster children of parents of currently admitted students, and children of staff may submit a timely application.
- (3) Currently Admitted Students – Intent to Return: Prior to the beginning of the open enrollment period, the school asks families to complete an "Intent to Return" form.
- (4) Application Processing. Each enrollment application received is date-stamped and also either time-stamped or sequentially stamped by number designating the order in which applications were received for each such date.
- (5) Admissions. All applications received during the open enrollment period are automatically accepted for enrollment (i.e. admitted) unless more applications are received than the available enrollment established by the Board for the applicable grade(s). In this situation, all submitted applications for such grade(s) are placed in the lottery; however, siblings of currently admitted students, foster children of parents of currently admitted students, and children of staff employed in school have preference.
- (6) Siblings of Admitted Students ("Siblings") and Foster Children of Parents of Currently Admitted Students ("Foster Siblings"): Siblings and Foster Siblings, who submit an application before the expiration of the open enrollment period, of currently admitted students are automatically admitted unless the number of Sibling and Foster Sibling

applications exceed the available enrollment established by the Board for the applicable grade(s). If the number of Sibling and Foster Sibling combined applications exceeds available enrollment in any grade, a Sibling and Foster Sibling lottery is held for each such grade. Siblings and Foster Siblings are admitted to the school in the order in which they are drawn in the lottery. If all available enrollment in a grade is filled by Siblings and/or Foster Siblings, the Sibling and Foster Sibling lottery continues and establishes the Sibling and Foster Sibling waiting list, which has preference over both the staff-children waiting list and the general waiting list.

- (7) Children of Staff Employed at Seven Hills Preparatory Academy: Children of staff employed at the school who submit an application before the expiration of the open enrollment period, are automatically admitted provided that all Siblings and Foster Siblings (of already admitted students) who submitted a timely application are admitted, and provided there is available enrollment as determined by the Board for the applicable grade(s). If the number of children of staff exceeds the available enrollment established by the Board for any grade (and after all Siblings and Foster Siblings (of admitted students) who submitted a timely application are admitted), a staff-children lottery is held. Children of staff are admitted to the school in the order in which they are drawn in the lottery. If all available enrollment in a grade is filled by children of staff, the staff-children lottery continues to establish the staff-children waiting list for each such grade.
- (8) General Lottery: If the number of applications received during the open enrollment period exceeds available enrollment established by the Board for any grade (and after Siblings and Foster Siblings (of admitted students) who submitted timely applications are already admitted or establish a Sibling and Foster Sibling waiting list, and after all children of staff employed at the school who submitted a timely application are already admitted or establish a staff-children waiting list), the school conducts a general lottery. All applications for each such grade(s) (excluding applications from Siblings and Foster Siblings of already admitted students and excluding applications from children of staff employed at the school) received before the expiration of the open enrollment period are included in the general lottery. Students are admitted to the school in the order in which they are drawn in the lottery, as long as there is available enrollment as determined by the Board for the applicable grade(s). If all available enrollment in any grade is filled, the lottery continues and establishes the general waiting list for each such grade in the order drawn, until all applications are drawn. If a student is admitted through the general lottery and that student has one or more siblings in other grades also subject to a lottery, those siblings are automatically admitted as long as available enrollment as determined by the Board remains in the applicable grade(s).
- (9) Applications received after the open enrollment period expires are automatically admitted as long as there is available enrollment as established by the Board in the applicable grade, in the order received. If, or once, there is no available enrollment in any grade, applications are added to the applicable waiting list for each such grade, in the order received.
- (10) The School conducts all lotteries through a method of random selection.

General Admission Procedures:

- (1) **Order of Admission:** Siblings and Foster Siblings of Already Admitted Students, then Children of Staff Employed at the School, then General Admissions.
- (2) **No waiting list carry over from year to year:** Each waiting list is subject to a lottery and redrawn during each admission process each year.
- (3) **Multiple births** (twins, triplets, etc): Each student seeking admission completes an application (i.e. not one application for the family). In a lottery situation, each student receives an individual number/lot in the lottery.
- (4) **Lottery Grade Order:** Applicable lotteries occur from highest grade to lowest grade. For example, if a lottery is required in grades K and 3, the grade 3 lottery is conducted first, followed by the K lottery.

Continuing Oversight - Accountability

Friends of Education evaluates its charter schools in three primary areas:

1. Academic Performance
2. Fiscal Performance
3. Operations and Legal Compliance Performance

In addition to Friends of Education evaluating the degree to which the school is achieving its charter contract obligations related to academic, fiscal, and operational/legal performance, Friends of Education also evaluates:

1. Academic Performance: Is the school improving all pupil learning and all student achievement?

Academic Performance is evaluated based on multiple criteria:

Commissioner's Expectations for Public Schools: Friends of Education evaluates a school's academic performance in meeting or exceeding expectations established by the Commissioner for public schools.

Absolute Proficiency: Expecting proficiency for each student, Friends of Education evaluates the percentage of students meeting or exceeding state standards on the state assessment tests.

Comparative Proficiency: Expecting each charter school to fulfill its statutory obligation to improve student performance, Friends of Education evaluates how well the charter school performs compared to its resident district, and state average performance and may compare to a nearby district school that the charter school students would otherwise likely attend and other traditional districts.

Growth: Expecting growth for each student, Friends of Education evaluates the growth students achieve on the state and other assessments.

Achievement Gap: Expecting all students to achieve academic success, Friends of Education evaluates the degree to which traditionally-disadvantaged students achieve growth and proficiency.

Academic Governance: Friends of Education evaluates the school board's demonstration that it critically evaluates and strategically leads academic performance.

2. Fiscal Management: Is the school fiscally sound?

Fiscal Performance is evaluated based on multiple criteria:

Charter Contract Fiscal Obligations. Friends of Education evaluates the degree to which the school is achieving its financial management obligations contained in the charter

External Audit: Friends of Education evaluates external audits and expects its schools to work towards elimination of deficiencies.

Fund Balance: Friends of Education evaluates a school's fiscal health based on its ability to pay unforeseen expenses.

State Finance Award: Friends of Education considers whether a charter school has received the Minnesota Department of Education Finance Award, which recognizes sound fiscal health and management policies and procedures.

Governance: Friends of Education evaluates the school board's demonstration that it pre-approves and maintains a balanced budget; reviews monthly and annual budget reports and requires explanations for out-of-budget spending; receives required board training; and has adequate time to review board materials.

3. Operations and Legal Compliance: Is the school well-managed and legally compliant?

Operations and Legal Compliance is evaluated based on four criteria: Compliance with Applicable Law, Minnesota Department of Education Audit Results, Charter Contract Reporting Obligations, and Leadership.

Charter schools must comply with all applicable laws, such as admissions, teacher licensing, and special education requirements. Friends of Education evaluates the degree to which the school complies with these requirements.

Effective operations and governance are fundamental to a quality charter school. Consequently, Friends of Education evaluates effective operations through attendance at board meetings, review of board meeting minutes, discussions with staff and other stakeholders, MDE audit results, and the adherence to charter requirements.

Friends of Education regularly monitors and evaluates other measures of school performance such as, near-term and long-term fiscal health metrics. These measures inform Friends of Education's oversight but generally are not used in determining charter renewal unless the measures impact charter school obligations contained in the charter contract.

Article VI of the charter contract between Friends and the school sets forth the fiscal and student metrics and evaluation processes: the school agreed to the academic goals set forth in its application, to comply with reporting requirements, and to provide regular academic and financial reporting to Friends. In addition, contract section 6.7 provides that Friends would perform site visits as an additional evaluation tool, and contract section 6.19 specifies that Friends may contract with third parties to perform oversight functions. Friends has performed oversight functions both with its own staff and with retained third-parties. Consequently, information contained in this report is based on data on file with the Minnesota Department of Education; data on file with the authorizer; site visits performed by Friends and retained third-parties, including educators contracted by Friends to tour the school as potential parents; and board meetings attended by Friends or third parties on behalf of Friends.

Executive Summary

Seven Hills Preparatory Academy (Seven Hills) is in its twelfth operating year and has doubled its enrollment since it expanded in 2015. Seven Hills received the state finance award all five years of the contract period. Seven Hills has a modest 7.8%, or \$824,405, fund balance, and all of its external audits during the contract period reveal no material weaknesses or significant deficiencies, reflecting fiscal management. Friends encourages Seven Hills to build its fund balance and monitor sustainability fiscal indicators.

Seven Hills's academic performance is strong: it achieved 81% of its charter contract goals; the School's proficiency rates exceeds both its resident districts and the state averages in all content areas; and the School's economically disadvantaged students outperform the state average proficiency rate for economically disadvantaged (for the same grades as offered by the School), thereby reducing the achievement gap. The Minnesota Department of Education (MDE) identified Seven Hills as a Celebration Eligible (top 40%) or Reward (top 15%) school for three contract-period years that the MDE published the designations. Moreover, the MDE identified Seven Hills as a High Quality charter school for three of the past five years recognizing strong academic performance, most recently in 2019. Friends believes these factors warrant a five-year renewal, the maximum allowed by law.

GENERAL INFORMATION

Friends granted a charter to Seven Hills in 2005 for grades K-5 to serve Southern Hennepin County. Seven Hills opened in the fall of 2006 with grades K-5. The school merged with a middle school, Beacon Preparatory Academy, in 2014 and expanded to serve K-8. The school earned the highly competitive replication grant in the spring of 2015, and opened its second location in the fall of 2016. The school serves K-5 at its Bloomington Campus and K-3, 6-8 (with plans to add 4th grade in 2019-2020 and 5th in 2020-2021) at its Richfield Campus.

Section 12.1 of the contract between Friends and the School sets forth the term of the contract, and specifies that it terminates June 30, 2019. Article X sets forth the revocation and non-renewal provisions. Friends has not issued any letters of concern or notice of intent to revoke/non-renew the contract during the contract term.

Seven Hills currently serves 986 students with the following demographics:

2019 Demographics	Enrollment	English Learners	Special Education	Free Reduced Lunch	Homeless
Seven Hills Preparatory Academy	986	11%	10%	21%	0%

2015: 14.8
2016: 14.11
2017: 15.35
2018: 14.73

Achievement of Purposes

As stated in its contract, Seven Hills was established to achieve multiple purposes. The primary purpose of the school is to provide an educational program for its students in order to improve all pupil learning and all student achievement; achievement of its primary purpose is demonstrated and explained in the Contract Fulfillment-Academic Performance section. The school's secondary purposes are:

1. Measure Learning Outcomes and Create Different and Innovative Forms of Measuring Outcomes:

Within the Data-Driven Instruction cycle, the School utilizes teacher-created standards-based interim assessments for reading and math. Teachers analyze assessment results, student by student, question by question, in order to identify what standards students showed mastery and what standards students missed. Teachers then work their grade-level and or curricular teams to plan how to effectively re-teach and then reassess for mastery.

2. Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site:

The School establishes learning communities which organize staff into school-based learning teams focused on using data to establish annual student performance goals that are aligned with state standards. In addition, the School provides time and resources for teachers to attend conferences in their specific content areas. Teachers also write multi-year individual professional growth plans aimed at increased content and skills knowledge.

Conclusion: Seven Hills has achieved its stated purposes; consequently, Seven Hills has fulfilled its statutory obligation to improve pupil learning and student achievement and to achieve at least one other statutory purpose.

CONTRACT FULFILLMENT: FINANCIAL PERFORMANCE

Section 6.11 of the contract between Friends and the school requires the school to submit an external audit to Friends by December 15th of each year and to comply with program, financial, and compliance audits conducted by MDE. Seven Hills filed its FY 2014, FY 2015, FY 2016, FY 2017 and FY 2018 external audits by the statutory and contract deadline. Friends is unaware of any financial audits conducted by MDE at the school.

External Audits: The school's external audits completed during the contract period reveal:

2014: No deficiencies
2015: No deficiencies
2016: No deficiencies
2017: No deficiencies
2018: No deficiencies

State Finance Award: Seven Hills has received the state finance award for all five years in the contract period, which recognizes sound fiscal and financial management policies and procedures.

Financial Governance: Seven Hills’ board approves its annual budget and monthly financial reports which demonstrate adherence to or deviation from budget. The school contracts its payment processing to an outside vendor. Seven Hills generally promptly pays its bills and is not delinquent on payroll taxes or pension payments. In addition, the school generally has timely filed its required reports to MDE.

Revenues and Expenditures: Seven Hill’s revenue sources and expenditures for the last three years have been:

Seven Hills Preparatory Academy

Seven Hills ended FY 2018 with a \$824,405 fund balance (7.8%) and is projected to end FY 2019 with an increase to its fund balance. Seven Hills’ fund balance, compared with the other Friends’ schools, is:

Fund Balance	
Clarkfield	46.6%
Hennepin	42.9%
Yinghua	34.0%
New Millennium	32.6%
Cologne	31.4%
Aspen	30.1%
St Croix Prep	28.3%
AVERAGE	28.2%
Nova	25.4%
Parnassus Prep	25.2%
Eagle Ridge	19.6%
DaVinci	14.9%
Seven Hills	7.8%

A strong fund balance is an indicator of fiscal sustainability. Friends recognizes that Seven Hills is in expansion and as such experienced a multi-year decline in its fund balance. Friends encourages Seven Hills to rebuild its fund balance to 25%.

Short- and Long-Term Indicators: Friends of Education utilizes multiple business-based accountability measures when evaluating its schools. Seven Hills’ attainment rate of significant indicators is summarized below.

Near-Term Indicators		Standard / Target	2018	2017	2016	2015	2014
Current Ratio	≥ 1.1 or > 1.0 with positive trend		1.8	1.9	3.1	3.6	4.87

Debt to Asset Ratio	< 0.5		0.57	0.52	0.33	0.28	0.21

The near-term indicators are generally positive; Days Cash is as of June 30th, and few days cash may represent careful cash management. The Sustainability Indicators, however, reflect a weakened financial position, resulting from the expansion, and merits monitoring and strengthening.

Friends notes that for FY 2018:

- Seven Hills spent 62% of its funds on instruction and pupil support. This is higher than the FY18 Friends’ school average of 58%.
- Seven Hills spent 11% of its funds on administration. This is lower than the FY18 Friends’ school average of 13%.
- Seven Hills spent 19% of its funds on its facility. This is lower than the FY18 Friends’ school average of 23%.
- Seven Hills spent 8% of its funds on transportation. This is higher than the FY18 Friends’ school average of 6%.

The 2018 cost per student (ADM students divided by the total expenditures in all funds) was:

	2018
Seven Hills Preparatory Academy	\$11,983
Bloomington Public School District	\$18,636
Richfield Public School District	\$14,639

Friends notes that Seven Hills provided its 2018 educational program at 64% (Bloomington) and 82% (Richfield) of the local district costs. Friends notes that school programs and related expenses vary. Consequently, all Friends school’s per student cost are shown for informational purposes.

FISCAL MANAGEMENT – CONCLUSION:

Seven Hills’ fiscal practices are strong but its overall fiscal position has weakened since the last renewal. While the School’s audits reflect no material weaknesses or significant deficiencies, reflecting sound fiscal practices, and the board exercises fiscal oversight (as demonstrated through attendance at board meetings and review of board packets), the School’s sustainability indicators have declined. In addition, Friends recommends that Seven Hills rebuild its fund balance.

**CONTRACT FULFILLMENT:
ACADEMIC PERFORMANCE**

Multiple Measure System: As a result of Minnesota’s waiver from the No Child Left Behind law (NCLB), Minnesota had implemented the Multiple Measure System which is used to rate schools on multiple domains with the overarching goal of reducing the state’s achievement gap. The ratings the state gives to schools are Multiple Measurement Ratings (MMR) and Focus Ratings (FR), which are derived from five domains: proficiency, growth, achievement gap reduction, graduation, and focused proficiency. The Minnesota Department of Education stopped issuing the MMR and FR after FY2016.

Seven Hills MMR and FR issued during the contract period are shown below and demonstrate high academic performance as a Celebration Eligible (top 40% of Title 1 Schools) or a Reward (top 15% of all Title 1 schools) each year:

High-Quality Status: The Minnesota Department of Education (MDE) recognized Seven Hills as a high-quality charter school in 2015 (for SY2014), 2017 (for SY2016), and 2019 (for SY2018), reflecting the school's attainment of high academic performance measures established by the MDE for those years.

Academic Measures: Friends of Education evaluates six additional academic performance measures:

1. Commissioner's Expectations for Public Schools. Friends of Education evaluates a school's academic performance in meeting or exceeding expectations established by the Commissioner for public schools.
2. Absolute Proficiency. Expecting proficiency for each student, Friends of Education evaluates the percentage of students meeting or exceeding state standards on the state assessment tests.
3. Comparative Proficiency. Expecting each charter school to fulfill its statutory obligation to improve student performance, Friends of Education evaluates how well the charter school performs compared to its resident district and state average performance, and may compare to a nearby district school that the charter school students would otherwise likely attend and other traditional districts.
4. Growth. Expecting growth for each student, Friends of Education evaluates the growth students achieve on the state and other assessments.
5. Achievement Gap. Expecting all students to achieve academic success, Friends of Education evaluates the degree to which traditionally-disadvantaged students achieve growth and proficiency.
6. Academic Governance. Friends evaluates the school board's demonstration that it critically evaluates and strategically leads academic performance.

North Star Indicators

The following charts reflect the North Star indicators in the MDE report card. All of Friends of Education schools are compared to each other and the state averages.

North Star Achievement

North Star Achievement shows the percentage of students who meet or exceeds standards on the MCAs and the MTAS based on the school population tested, plus those students that opted out. Seven Hills is above the state average in both reading and math.

North Star Progress

North Star Progress shows how students are progressing year over year. The following charts demonstrate the percentage of students improving and maintaining achievement levels compared to the state averages for reading and math. Once again, Seven Hills is above the state average in both reading and math.

North Star Participation

North Star Participation shows the percentage of students tested based on the number of students expected to be tested. Seven Hills is above the state average participation.

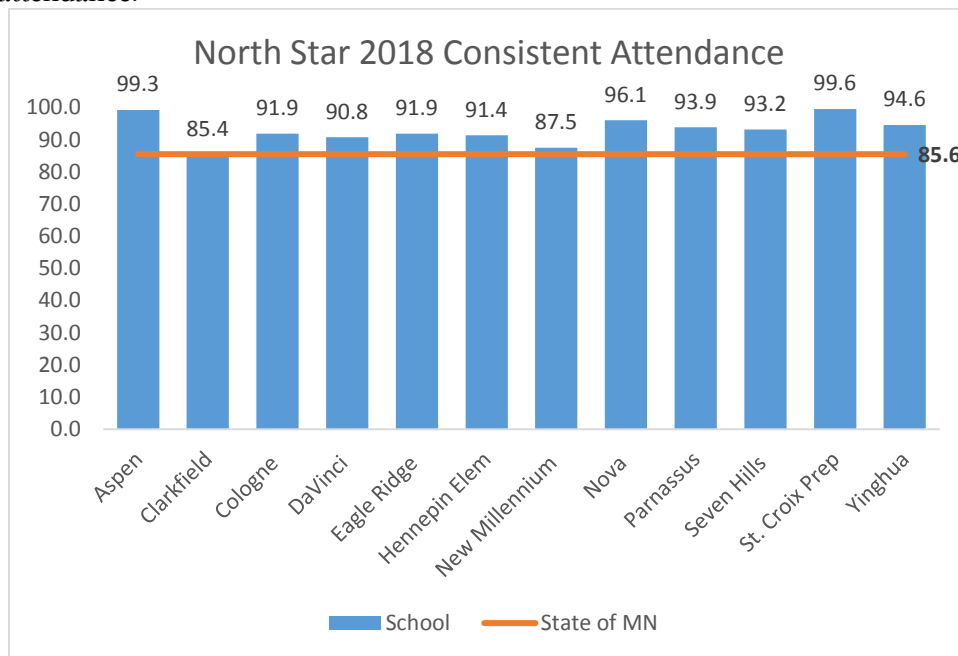

North Star ELP Progress

North Star ELP Progress is the average amount of progress English Learners made towards their targets. The State average of 67 means that English Learners in the state, on average, made it 67% of the way to their targets. Seven Hills performed below the state average in ELP progress.

North Star Consistent Attendance

North Star Consistent Attendance considers students consistently attending if they are in school more than 90 percent of the time they are enrolled. Seven Hills exceeds the state average for consistent attendance.

Academic Performance - Growth

Seven Hills students' individual growth, in both reading and math, is shown in the following graphs.

MCA Growth Trends

Reading Growth Seven Hills & State

Math Growth Seven Hills & State

MCA: Low Growth Performance

Inasmuch as low growth students will not advance, Friends of Education evaluates the percentage of students achieving low growth. For the 2018 school year, 26% of Seven Hills’ students achieved low growth in reading and 32% in math, which compares slightly unfavorably with the state average of 27% for reading and of 30% for math.

MCA: High Growth Performance

Because students achieving high growth are likely to continue to achieve proficiency and advance, Friends evaluates the percentage of students achieving high growth. For the 2018 school year, 29% of Seven Hills’ students achieved high growth in reading, which is comparable to the state average of 29%; and 24% in math, which compares slightly unfavorably with the state average of 26% for math.

MCA: “On Track” for Success Performance

Friends evaluates whether its schools are “On Track” for success. “On Track” is calculated by adding the % of students who scored proficient on the 2018 MCA and who achieved medium or high growth from 2017 to 2018 to the % of students who did not score proficient on the 2018 MCA but who achieved high growth from 2017 to 2018. The sum of these three growth categories (proficiency, medium growth; proficient, high growth; nonproficient, high growth) are evaluated because they are most likely to lead to continued proficiency for the already proficient student, and increased proficiency for the non-proficient student.

Seven Hills Preparatory Academy

As demonstrated below, Seven Hills' historical on-track growth, when compared with the state, demonstrates consistent and higher reading growth. However, the schools math growth has fallen below the state average.

On-Track Growth

Seven Hills 2018 On-Track Growth Performance, compared with other Friends schools, is:

Z-score Growth – School Compared to State Average

Z-scores are a standardized measure that compares school data to state average data for the same grades and subgroups. The schools z-scores are highlighted green when they exceed the state; the red identifies areas for improvement; specifically, the School’s 2018 growth in 6th grade is at or below the state average for all subgroups. The school should address this. For the school as a whole, reading growth is above the state average, whereas math growth falls below.

Academic Performance – Achievement Gap

Friends evaluates whether its schools are serving all students. As demonstrated below, the students qualifying for free/reduced priced lunch historically outperforms the state average for such students. Friends notes, however, that Seven Hills FRL students used to exceed state average for all students, but the school has not achieved this in 2017 or 2018.

The school has outperformed the state average for English Learners in reading for the contract period for which it had sufficient counts. In Math, the schools English Learners outperformed the state average for two of the three years, falling just below the state average in 2018 (for the same grades as offered by the school).

Special Education: Friends does not comment on the Special Education data due to the lack of available information, i.e. the lack of leveling information and progress reporting.

Growth: Student growth z-scores are listed for all reportable subgroups in the previous section Z-score Growth – School Compared to State Average.

Academic Performance – Academic Governance

Friends of Education has attended Seven Hills board meetings at least ten times during the contract period. Friends’ attendance at Seven Hills board meetings and review of its board meeting minutes indicate that the school board evaluates academic performance and initiatives at the School.

Academic Performance – Contract Goals

Section 6.3 of the contract between Friends and the School requires that the School achieve the educational goals set forth in its charter contract. The School has four goal categories with measurable sub-goals in each category. The goals are weighted as indicated below. The goals set forth in its charter contract and the school’s actual performance are:

Goal 1: State Assessments (50% weight)

Sub Goal 1.1: Absolute Proficiency: By the conclusion of FY2017, the school-wide proficiency rate will be no less than 83% for math and 90% for reading.

Result: Not Achieved.

Reading	14-15	15-16	16-17	17-18
Seven Hills	77.9%	77.0%	79.9%	73.8%

Math	14-15	15-16	16-17	17-18
Seven Hills	73.0%	74.1%	74.3%	66.5%

Sub Goal 1.2: Comparative Proficiency: Each year, the School will demonstrate higher grade level and school wide proficiency rates than the Bloomington school district for reading, math, and science (for the same grades as offered by the School), and higher school-wide proficiency rates than a Bloomington-district school (for the same grades as offered by the School) which the School students would otherwise likely attend for reading, math, and science. Schools for K-5 comparison are Hillcrest and Ridgeview; the comparison school for grades 6-8 is Olson Junior High.

Result: Achieved.

Sub Goal 1.3: Growth. Each year, the School’s growth z-score, as published with the state’s release of MMR data, will exceed 0; and at least 50% of nonproficient students will achieve high growth .

Result: Partially Achieved.

Sub Goal 1.4: Achievement Gap Reduction. By the conclusion of FY2017, for both reading and math, the proficiency rate for each subgroup for which the School had publicly-reportable / sufficient counts in 2013 will be no less than:

$$[\text{One-half of } (100 - 2013 \text{ subgroup proficiency rate})] + 2013 \text{ subgroup proficiency rate}$$

In addition, by the conclusion of FY2018, the difference between the non-FRL proficiency rate in the School, and the FRL proficiency rate will be no greater than five percentage points for both reading and math.

Result: Achieved. This goal was based on the Elementary and Secondary Education Act (ESEA) waiver Minnesota received for No Child Left Behind (NCLB). Minnesota set a goal to reduce the achievement gap by 50 percent by 2017. The state of Minnesota eliminated its achievement gap goal with the elimination of the MMR system. Because the state no longer uses the above formula for achievement gap reduction, Friends of Education compared the school’s achievement to the State average achievement listed in the North Star Academic Achievement reporting.

Goal 1 State Assessments – Goal Summary: The School had four sub-goals each worth one-fourth towards the total of this goal category. The School achieved two of its sub-goals, and partially achieved one for 31.25% $((2.5/4) * 0.50)$ towards the total goal attainment rate.

Goal 2: Nationally Normed Assessment (25% weight)

Each year, the School will administer a nationally-normed assessment in at least the highest grade served by the School and a grade at least three grade levels below the highest grade.

For students in the identified lower grade who have a national percentile ranking of less than 70% and who remain in the School through the highest grade served by the School: at least 50% will increase their national percentile ranking by the end of the highest grade served.

Result: Achieved.

- Of the 57 eighth graders in FY2017, 36 were enrolled in the School in FY2015, and, of those, 21 students, or 58%, increased their national percentile ranking.
- Of the 66 eighth graders in FY2018, 48 were enrolled in the School in FY2016 and, of those, 31 students, or 65%, increased their national percentile ranking.

Goal 2 Nationally-Normed Assessments Goal Summary: The School had one Nationally-Normed assessment sub-goal towards the total of this goal category. The School achieved this goal, for 25% $((1/1) * 0.25)$ towards the total goal attainment rate.

Goal 3: School Culture (25% weight)

Sub Goal 3.1: Academic Governance. The School will implement an Academic Governance Plan to critically evaluate and strategically lead the School’s academic performance and improvement. The School shall include a summary of its findings in the School’s board minutes no less than twice annually.

Result: Achieved. Board minutes regularly contain information regarding Academics, Instruction, and/or Assessment: See e.g. minutes for 9/7/2017, 11/2/2017, 3/8/2018, 5/3/2018, 2/7/2019, 3/7/2019.

Sub Goal 3.2. Data Driven Instruction. The School will continue to implement DDI summative assessments on a quarterly basis in all grades in at least reading and math. The School’s teachers will review results with the designated leader within 48 hours following the assessment and will re-teach necessary components the week following the assessment. The School will invite Friends to attend all quarterly meetings to review results.

Result: Achieved. The School implemented DDI within the stated parameters and invited Friends to the assessment meetings.

Goal 3 School Culture Goal Summary: The School had two school culture goals towards the total of this goal category. The School achieved both sub-goals for 25% ((2/2)*0.25) towards the total goal attainment rate.

Goal 4: Additional Measures

Sub-Goal: 4.1. Attendance. Each year, the School will maintain at least a 95% student attendance rate.

Result: Achieved

Year	2015	2016	2017	2018
Attendance	96.25%	99.87%	95.34%	95.76%

Sub-Goal 4.2. Satisfaction Surveys. Each year, at least 80% of all parents and staff returning the annual survey will indicate overall satisfaction with the School.

Result: Achieved

Year	2015	2016	2017	2018
Parent Satisfaction	90%	89%	86%	82%
Staff Satisfaction	85%	86%	87%	85%

ACADEMIC PERFORMANCE - CONCLUSION: The School exhibits strong performance in improving pupil learning and student achievement in multiple measures:

- The School has a charter contract goal attainment rate of 81.25%.
- The School's reading growth rates are historically better than the state.
- The School's proficiency rates in all subjects exceed both of its resident districts and state averages (for the same grades as offered by the School).
- The School's economically disadvantaged students achieve proficiency rates exceeding the state average for economically disadvantaged (for the same grades as offered by the School), thereby reducing the achievement gap.
- The School has implemented a Data-Driven instructional model which will likely result in continued academic success.

For the next contract period, the goals reflected in the new contract reflect the performance requirements set forth in Friends' Commissioner Approved Authorizing Plan, specifically:

- the Commissioner's Expectations for public schools, specifically, the World's Best Workforce Goals applicable to Seven Hills (all third-graders can read at grade level, all racial and economic achievement gaps between students are closed, all students are ready for career and college, and all children are ready for school); and
- Absolute Proficiency: when considering both the School's historical performance and its considerable expansion which will result in additional new students to the School, the absolute proficiency targets will be slightly reduced from current performance levels; and
- Comparative Proficiency: when considering both the school's historical performance and its considerable expansion which will result in many new students to the School, the comparative proficiency targets will be substantially unchanged from current targets;
- Growth: when considering both the school's historical performance and its considerable expansion which will result in many new students to the School, the growth z-score goal is substantially unchanged from the current target; and
- Achievement Gap Reduction: when considering both the school's historical performance and its considerable expansion which will result in many new students to School, the achievement gap reduction targets are expanded to include English Learner targets resulting from the state's North Star system; and

Specific Operational Issues

CONTRACT FULFILLMENT: OPERATIONS AND LEGAL COMPLIANCE

Admission Policies and Procedures. Section 7.4 of the contract between Friends and the School requires that the School have an open admissions policy and specifically prohibits limiting admission based on intellectual ability, achievement, aptitude, or athletic ability. Enrollment preferences are granted to siblings, foster siblings, and children of staff. In School year 2017, Seven Hills' website admission policy differed from its written policy; Seven Hills corrected this discrepancy. Otherwise, Friends has found no evidence of inappropriate admission practices.

Management and Administration of the School. The management and administration of the School is described in Exhibit D to the Charter Contract. Exhibit D states that the board shall be elected in accordance with its bylaws. The School's board is organized consistent with state law. The School Board delegates the day to day management of the School to an administrator who is hired and supervised by the School Board. The School Board shall decide matters relating to operations of the School including, but not limited to, budgeting, curriculum, and operating procedures. The School Board delegates to the school administrator implementation of the operational decisions made by the School Board. Based on Friends' review, the Board generally complies with its bylaws.

Board Training: According to Minn. Stat. 124E.07 Subd. 7, all board members shall attend annual training throughout the member's term. All new board members shall attend initial training within six month after being seated and complete that training within 12 months after being seated. Based on Friends' review of the school's annual reports and the schools assurances, Friends believes the school complies with this law.

Financial Parameters within which the Charter Public School will Operate to Provide the Special Instructions and Services to Children with a Disability. Contract section 8.1A enumerates the special education provisions with which the school agreed to comply, and that section also identifies the financial parameters regarding special education funding. Based on feedback from Seven Hills' special education director, Friends believes the school complies with both federal and state special education requirements.

Leadership: School leadership and board management have been responsive to Friends' requests.

Equity & Inclusion. The School's established campus had extensive waiting lists which limited the entry point primarily to kindergarten. The School's expansion has enabled it to admit more students representing greater diversity, and Friends' specifically recognizes the School's intentional marketing efforts in this regard. For example, the School's new campus has twice the economically-disadvantaged students as its established campus (29% vs. 14%)
